National Chair Of ASSIST FM's Letter

ASSIST FM is delighted to announce the ASSIST FM National Awards 2025. These awards are the opportunity to celebrate success in your Local Authority and give recognition to those who continue to go above and beyond.

This year we have tweaked the submission criteria to ensure we get as many nominees as possible. We are looking for outstanding examples of where your council and your staff go above and beyond their duties to really make a difference in your local area.

You should all be incredibly proud of the services you and your teams deliver every day – use these awards as a big thank you to all our FM superstars.

Outstanding Contribution to FM Services Award

INDIVIDUAL

OR

TEAM

The Outstanding Contribution to FM Services Award is open to local authority FM departments, as well as teams within your local authority or even an individual who has gone above and beyond their role.

We are looking for entries from local authorities who have implemented something that has changed their service for the better, for teams who have added something special to the service, or from individuals who really stand out. This could be for a school crossing patroller who has served the local authority for a number of years and added huge value to the community, or a janitor or janitorial team who has done something out of the ordinary. It could be a change in how you deliver these services or a new initiative that has improved the service.
